We support companies and public bodies in their work for energy and climate issues

Energy Agency for Southeast Sweden

2019

Regional Energy Agencies

Southeast Sweden:
Public owned: jointly owned by an association where 3 regional assemblies and 25 municipalities in Blekinge, Kalmar and Kronoberg are members.

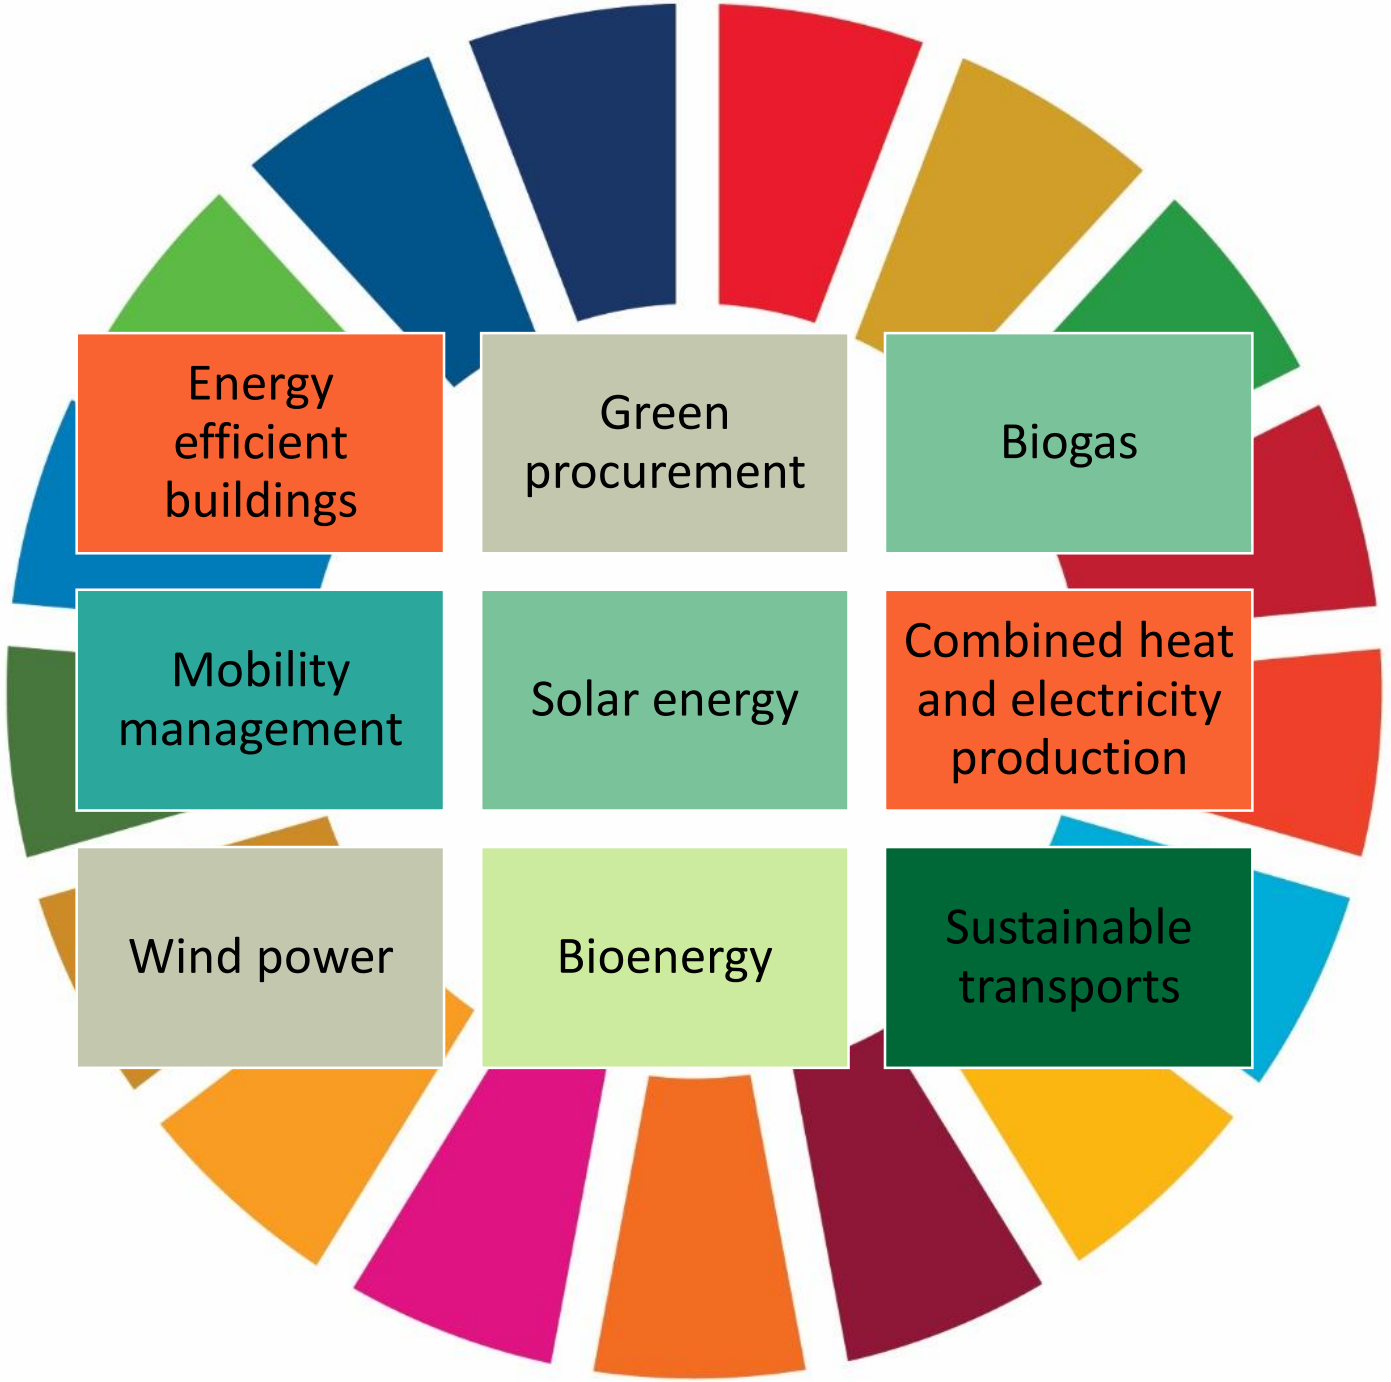
Sweden:
15 regional energy agencies

Europe:
More than 300 regional energy agencies

energikontor sydost

Areas of activity

- **Increase energy efficiency** in all sectors of the society
- **Increase** the share of energy from **renewable energy sources**



energikontor sydost

Resources from the agency

- The agency provides the region around 25 energy experts
- Works in collaboration with both private operators and public bodies
- We are a non-profit company
- Our areas of expertise includes biogas, energy efficiency in buildings, wind power, solar energy, transport logistics, circular ekonomy, as well as dissemination and networking, among other things.

energikontor sydost

Funding and benefits for the region of the agency

Southeast Sweden: 5-10% of the annual turnover is member fee

60-70% is funded by EU-programmes incl swedish co-financing

Result: The region Southeast Sweden receives extra resources for energy and climate work worth approx **10 times** the initial funding

How we work

Strategic

Network

Referrals and strategies

Demonstration of new techniques

Promoting

Training and seminars

Campaigns and activities

Reports and information

Supporting

Expertise

Coordination

Writing and managing projects

energikontor sydost

Project example: energy efficiency

Purpose: as a regional energy agency we **support local and regional authorities** of exploring good practices on **dynamically monitoring energy efficiency in buildings**, with special focus on the use of innovative financial instruments, in order to achieve more carbon reduction.

What: raised capacity among the local stakeholders of methods in energy monitoring and financial instruments

How: Expert exchanges, Good Practice register, Study visits Technical Workshops
